

ADULT-FILM ADAPTATION ONE-SHEET

DRIVEN LUST

A narrative-first erotic comedy-adventure for a feature trilogy or serialized adult screen adaptation.

SOURCE	LEAD	TONE
Three published volumes	James - student & chauffeur	Erotic • comic • consequential

WORKING LOGLINE

A college student working as a professional chauffeur is pulled into the private lives of wealthy and unpredictable clients, where desire, status, comedy, and consequences collide.

WHY IT WORKS ON SCREEN

- A repeatable engine: each chauffeuring assignment opens a new social world, character conflict, and cinematic set piece.
- One identifiable lead and a built-in ensemble support both self-contained episodes and a continuing arc.
- Luxury, nightlife, weddings, limousines, private estates, and relationship complications create a strong visual identity.
- The source combines mature material with comedy, relationships, action/adventure, choices, and consequences - useful for a movie with plot, not a scene compilation.
- Three volumes provide source depth for a pilot feature, sequels, or a premium serialized format.

RECOMMENDED POSITIONING

Cinematic adult entertainment with an actual protagonist, comic momentum, and a continuing world. Public materials remain non-explicit; mature scene details are reserved for a controlled creative conversation.

ADAPTATION ROUTES
